

Meeting Minutes:

Meeting: One

Date: Friday 17/1/17

Course: MEng

Group: 3

Members: See Group List

Vague Agenda:

1. Introduce ourselves.
2. Discuss what we're specialising in.
3. Discuss strengths and weaknesses.
4. Discuss desired roles, potentially assign them.
5. Discuss product ideas, possibly have top 3 to try surveys for over hols and discuss with Dr Porter.

Outcome:

- Product Ideas (noted in meeting that they would need to be made more interactive):
 - App to teach someone to play a musical instrument (one that can't play chords).
 - App for climbing to find nearby spots, and possibly expand to share climbing achievements on social media and find other climbing enthusiasts.
 - App to teach children tips and tricks for a device like a raspberry pi.
 - App to teach someone sign language.
- Roles:
 - Everyone seems to be confident with presentation skills.
 - Two people on the Music Technology Stream, everyone else Electronic Engineering.
- General:
 - Another team in our year might be enabling multiple devices to interact with each other rather than just one person interacting with one device.
- Agenda over weekend:
 - Message on Slack if anyone has any other possible ideas prior to Monday.
